Long Term Care Planning: A New Approach

Most people know that long term care is quickly becoming a fact of life. We have been impacted personally by the long term care needs of a family member or we know someone who has been directly affected.

We also know that long term care costs are going up faster than we can save or invest for them.

We need a new approach.

INTRODUCING THE
ForeCareSM Fixed Annuity

More Advantages

The ForeCareSM Fixed Annuity improves your ability to pay for the long term care you deserve.

IF YOU NEED LONG TERM CARE...

ForeCare Fixed Annuity gives you two significant advantages in your ability to pay for your long term care needs.

ADVANTAGE #1

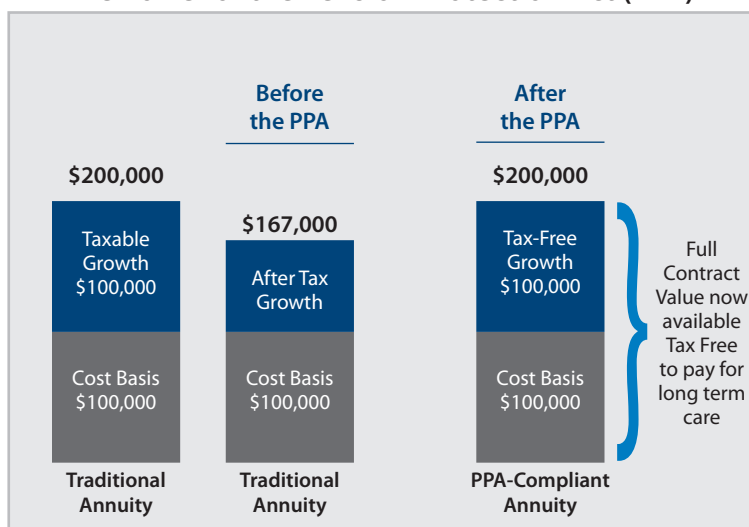

Pay with Tax-Deferred Dollars

Before the long term care provisions of the PPA took effect on January 1, 2010, you had to pay taxes on the growth inside of your annuity before paying long term care expenses.

Now, with a PPA-compliant annuity like ForeCare Fixed Annuity, you can use those same tax-deferred dollars tax free if you spend it on long term care expenses.

¹ This is a hypothetical example for illustration purposes only. Based on a 33% tax bracket and an original Contract Value of \$100,000 and taxable growth of \$100,000. The PRE-PPA amount of \$167,000 assumes a total withdrawal.

The Power of the Pension Protection Act (PPA)¹

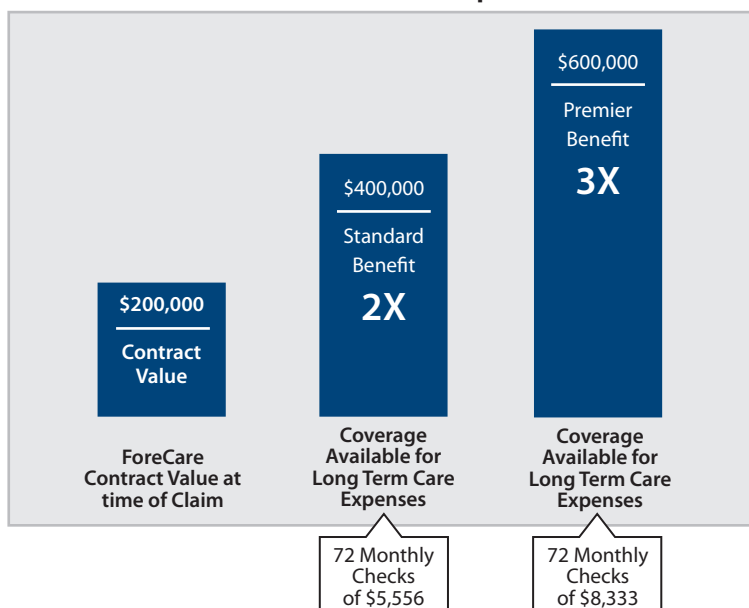

ADVANTAGE #2

The ForeCare Multiplier

The ForeCare Multiplier means you can receive long term care coverage up to two or three times (depending on eligibility) the amount of your Contract Value to spend on qualified long term care expenses.

² This is a hypothetical example for illustration purposes only. Based on a single life and Contract Value at the time benefits begin. PLEASE NOTE: The 2X and 3X benefits include the amount of your original annuity Contract Value.

More Options

ForeCare Fixed Annuity covers many types of long term care you may need.

IF YOU NEED LONG TERM CARE...

11 Long Term Care Services

Hospice Care	Nursing Home Facility
Assisted Living Facility	Respite Care
Bed Reservation	Nurse and Therapist
Home Health Aide and Personal Care	Homemaker Services

IF YOU DON'T NEED LONG TERM CARE...

If you don't use ForeCare for long term care services, you have other options:

3 Convenient Annuity Options

You can spend your money now. You have access to 10% of your Contract Value free of Withdrawal Charges and MVA available each year (except in any year where a full surrender occurs), or you can choose from a number of annuitization options.³

You can save your money for later. Your ForeCare Fixed Annuity continues to grow tax-deferred at a guaranteed interest rate.

You can transfer this money to your heirs without the delay, expense or publicity of probate.

³ Withdrawals, taken for purposes other than qualified long term care benefits and Rider for Long Term Care Benefits costs, will reduce the total amount available for long term care benefits on a pro-rata basis. A tax advisor should be consulted prior to taking withdrawals. If you withdraw an amount in excess of the Free Withdrawal amount (other than for long term care benefits and costs), you may be subject to Withdrawal Charges and Market Value Adjustments (state variations apply). Withdrawals of taxable amounts are subject to a 10% IRS federal tax penalty if taken before the age of 59½. Cash withdrawals and annuitization options may impact subsequent long term care coverage. Long Term Care Rider charges and benefits paid are not taxable if the Contract Value is used for long term care benefits.
